Dear Readers,

Inspired by the appreciations, guidance & suggestions we once again bring to you "Floor Pattern Guide" & we are confident enough that this IV Volume of this Guide will function as a trade tool to all stone businessmen, architects, interiors, builders, mistries (floor fabricators), users and all other concerns.

While planning such type of documents we always keep in mind new innovative and practical approach in our mind which may be applied easily & economically by all level of persons having different type of financial status. As preparing following documents we kept different approach as under :

First Volume : This is based on cut sizes or small tiles.

Second Volume : Based on slabs, boarders, skirtings & mouldings.

Third Volume : Based on corporate patterns displaying the same in use.

As regard this volume which is a forth volume in your hands is best on centers, simple patterns as well as we prepared some patterns out of tiny cut sizes (tiles) which are when put into the floor will give different and eye catching look.

Alongwith the new style of patterns we have received numbers of suggestion to display alongwith the same photos of some useful stone handicrafts which may put into the home, houses, hotels, business premises, multipluxes and other places easily and economically.

We hope & assured that as earlier we will get your affection and appreciation along with suggestion and critical comments which will guide us to make the documents better than earlier.

Thanking you,

With the assurance that we are always with you.

Yours

Mohan Bohara
Chief Editor
