Dear Stone Lovers,

This is really a privilege, favour and affection by all our readers and stone lovers which inspire us to create and develop innovative 'Trade Tools' like Floor Patterns Guides, CDs, Directories, Posters, Magazine etc. for you. These are very helping and convincing tools in the hands of traders to deliver desired goods to a customer. Keeping this motive in our mind, we have developed Four Volumes of Floor Patterns Guides and one Stone Trade Promoters. This book is in your hand and we are confident you will take the same benefits as you have taken through our earlier books. These books are being regularly referred by architects, builders, exporters, importers, traders, contractors, mistries, businessmen, consumers and all over concerns.

Thanking you with the assurance that we are with you every time.
